Meetings | 2025

# SDPhA Spring Update

THANK YOU!

BIG CHANGES  
FOR SDPhA

NEW  
MEMBERSHIP  
MODEL

# What's Changing?

- Historically, SDPhA membership was handled in pharmacist license renewal fees (SDCL 36-11-6)

- HB 1016, in part, repealed that law, so SDPhA must transition to a new membership model.

- Membership will now require a separate fee, and you actively joining as a member.

# Why This Matters

SDPhA is the only organization advocating for pharmacists at the state level.

Without strong membership, our voice in legislation and advocacy weakens.

Your membership benefits: professional advocacy, continuing education, networking, and legislative representation.

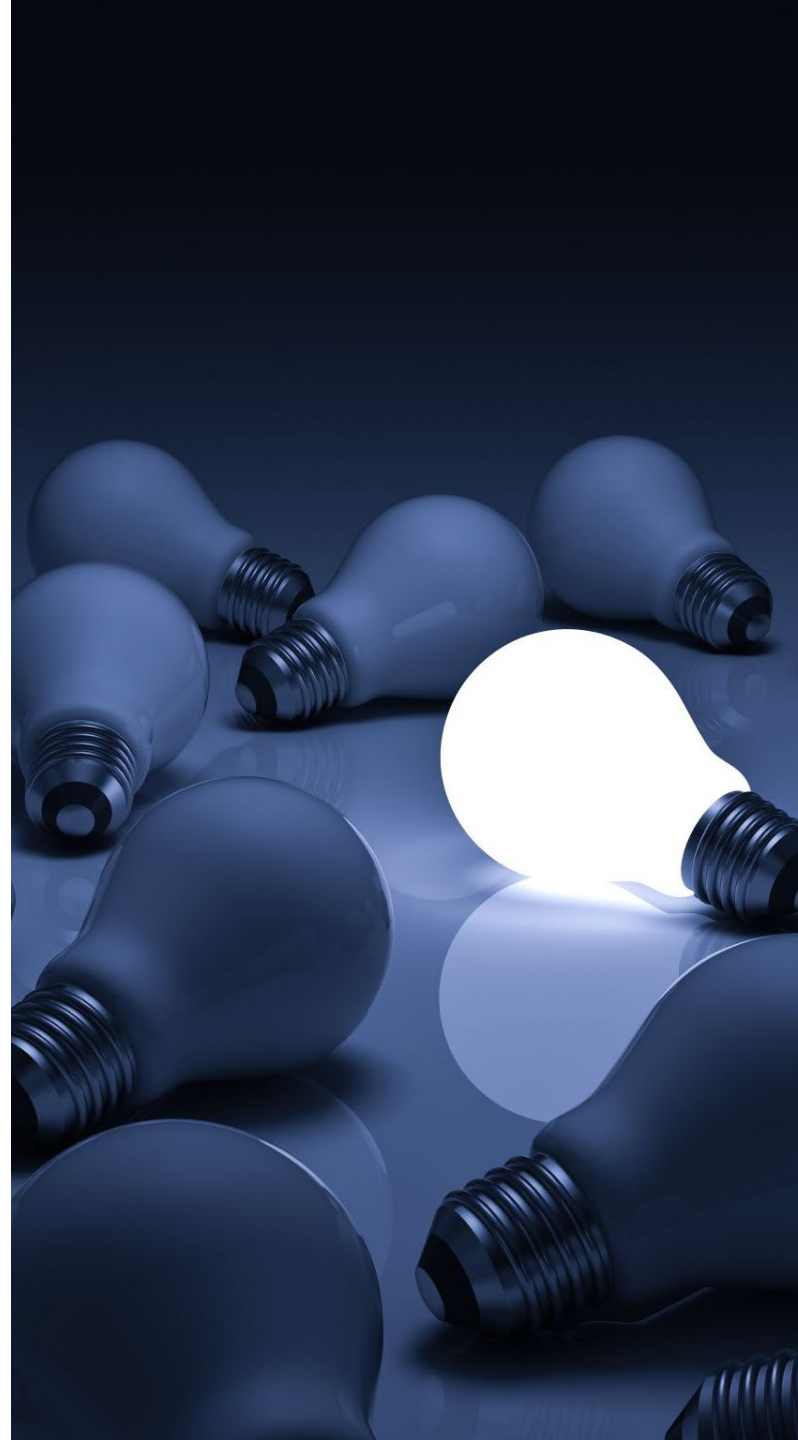

# SDPhA Priorities

Continued PBM  
Reform and  
Education

Reimbursement  
Rate Challenges

Practice Act

What Else?

# What Happens Next?

During our Annual Convention in September, we will vote on new bylaws to officially transition to a new membership model.

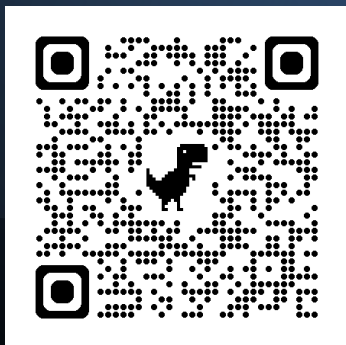

This vote will determine SDPhA's future structure—your participation is critical.

By joining as a Founding Member now, you lead the way in helping others make this decision.
