[HB 1229](#) This legislation originally required optional services through Medicaid to be authorized through special appropriation. As written, this legislation would have meant any modification or change of pharmacy or other services in the state Medicaid plan would require a special appropriations bill and a 2/3 vote of the legislature. SDPhA opposed this bill, which was deferred to the 41st Day by Senate Appropriations 2/28/2019. However, on 3/6/2019, HB 1229 was reconsidered and hoghoused (completely re-written or amended) to provide a \$1M appropriation for the second century habitat fund. SDPhA took no position on this, as the bill no longer contained any provision of

consequence to public health of pharmacy. While the hoghoused bill did pass out of Senate Appropriations, it was tabled in the Senate 3/7/2019.

[HB 1137](#) This legislation revises certain provisions regarding pharmacy benefit managers.

Latest Action: Signed by the Governor 3/7/2019
